# Amrit Kaal vision to see India among top 5 countries in defence production: Def Secy

Updated: Sep 22 2022 5:02PM

New Delhi, Sep 22 (PTI) Efforts are being made to "unleash the energy" of the Make-in-India initiative in the defence sector and the country's Amrit Kaal vision is to see India among the top five countries globally in defence production, a senior official said on Thursday.

During an interaction held at an event here, Defence Secretary Ajay Kumar also said that in the last 75 years, India has continued to be one of the largest importers of defence products in the world, and this is the situation the government wishes to change.

The defence production in the world is being done by a handful of countries, and if one looks at the defence industry globally, five countries account for a very large chunk of the defence production.
