

## Whatsapp, Zoom and Google Duo may soon require licences to operate in India – Times of India

By Pehal News Team - September 22, 2022

New Delhi, Telecom Minister Ashwini Vaishnaw on Thursday mentioned that the brand new telecom invoice will present a transparent roadmap for business restructuring and promote innovation.

While talking at a Public Affairs Forum of India occasion, the minister mentioned in the subsequent one-and-a-half years to two years, the federal government ought to find a way to utterly revamp all the digital regulatory framework which goals to steadiness the societal aims, duties and rights of people, expertise agnostic framework and so on.

“Industry does go through various phases. Sometimes because of business environments, technology changes and various other factors. There is a need for restructuring. How do you put that in the bill so that the industry gets a very clear roadmap?

‘If restructuring has to happen then these are the things that have to be taken care of. These are the things which are my rights, so that kind of clear framework has been put in this bill,’ Vaishnaw mentioned.

have to aim at creating a digital legal framework, which the world should come and study. That's a very big objective, but it's possible," Vaishnav mentioned. According to the draft telecommunication invoice 2022, Over-the-high gamers like Whatsapp, Zoom and Google Duo which give calling and messaging providers may require licences to operate in the nation.

The draft invoice has included OTT as half of the telecommunication service. The authorities in the invoice has proposed a provision to waive charges and penalty of telecom and web service suppliers. The ministry has additionally proposed a provision for the refund of charges in case a telecom or web supplier surrenders his license.

Vaishnav mentioned that the subsequent 25 years will likely be a interval of inclusive development and funding would be the major instrument for the expansion and there will likely be deal with manufacturing, innovation, simplification of guidelines and reforms in social infrastructure like training and well being.
