## RELATED STORIES

Rajeev Chandrasekhar said, "Our digital economy pie has transitioned from a unipolar prism of IT/ITES to one that consists of almost every activity in the digital economy space that the world is pursuing."

In the space of semiconductors, in just 14 months, the country has not only created opportunities in manufacturing and design but "with brand new curriculum in place, we will soon deliver a brand new 85,000 talent pool not only for India but also for the world," said MoS IT at an event organised by the non-profit Public Affairs Forum of India (PAFI).

In regards to the IT Act, which is now in the pre-consultation stage, the minister stated that it will be replaced by the Digital India Act (DIA).

"We have already had some fruitful discussions. We want to be transparent and collaborative about it. The laws and framework of policies we are creating are not just for today but for the next decade. And for that we want consultations with everybody, from consumers to companies, to anyone who has a point of view," the minister said.
